BOUYGUES BATIMENT CENTRE SUD-OUEST / DECEMBER 1, 2016

## CYRILLE DE LA BORDE IS APPOINTED HEAD OF BOUYGUES BATIMENT CENTRE SUD-OUEST

Cyrille de la Borde has been appointed Chief Executive of Bouygues Bâtiment Centre Sud-Ouest and manager of Linkcity Centre Sud-Ouest, subsidiaries of Bouygues Construction, replacing Philippe Casanova in these roles.

*Cyrille de la Borde, aged 45, is a graduate of the Ecole Polytechnique and the Ecole Nationale des Ponts et Chaussées. He began his career working in public project contracting and then in sales development for an engineering group. He joined Bouygues Construction in 2005. With Bouygues Bâtiment Grand Ouest (formerly Quille Construction), he served as Head of Operations and then Regional Director. He was named Deputy CEO of the subsidiary in 2013, with responsibility for building in Normandy and Picardy, prior to his appointment as the head of Bouygues Bâtiment Centre Sud-Ouest.*

Bouygues Bâtiment Centre Sud-Ouest is the Bouygues Construction subsidiary active in the Centre-Loire Valley, Limousin, Poitou-Charentes, Aquitaine and Midi-Pyrénées regions of France. Its network consists of five regional offices: Bordeaux (head office), Orléans, Tours, Toulouse and La Réole.

The company operates in all sectors of building, including housing, public amenities, commercial and industrial projects and environmental civil engineering. It can function as prime contractor or as a full-service operator (design, construction and operation-maintenance).

Linkcity is the Bouygues Bâtiment property development company. Acknowledged for a wide range of know-how, its portfolio includes housing programmes, homes for retirement, for young workers and for intergenerational use, hotels, medical-social facilities, commercial developments, as well as mixed-use developments at both block and neighbourhood level.
